

# Royal Hospital for Neuro-disability Job Description

Job title:	Band 6 Occupational Therapist
Department:	Rotational
Salary grade:	Band 6 - £39,108- £51,580 per annum (dependent on experience)
Contract Type:	18 month Contract - Fixed Term Role
Responsible to:	Head of Therapies via line manager
Behavioural Framework:	Employee

## Scope

We have an exciting opportunity, we are seeking B6 Occupational Therapists to join our Clinical Operations team in RHN. Your key responsibility is to prepare and administer therapeutic Occupational Therapy programmes as part of a multidisciplinary team. Occupational therapists work across all service areas at RHN, on a rotational basis, covering the following areas:

- 1. Brain Injury Service (BIS)
- 2. Ventilation service
- 3. Neuro-behavioural services
- 4. Young adults service
- 5. Specialist Nursing Home services

The RHN is an independent hospital and medical charity. We care for people who have brain injuries and require assessment and intensive rehabilitation for conditions such as Huntington's disease and prolonged disorders of consciousness. Our specialist services include a ventilator unit and a neuro-behavioural unit.

We help those with the most complex of health needs and disabilities including degenerative or progressive conditions as well as providing palliative care. The patients we support usually have complex physical challenges alongside their neuro-disability.

Our vision for the future is that we will be the national centre of excellence for neurodisability. Our mission is to provide outstanding care and empowering individuals with neurodisability, enabling them to live their lives to their fullest potential.

## Main Objectives of the role -

- 1. To provide specialist patient-centred assessment and treatment for a complex neurological clinical caseload as part of a specialist multi-disciplinary team
- 2. To participate in interdisciplinary working (meetings, reviews, discharge planning and reports).

- 3. To ensure professionalism and excellent communication with staff, patients and relatives.
- 4. Demonstrate an awareness of RHN's objectives and contribute to achieving them appropriately.
- 5. Strive to improve efficiency in all areas of your work.

## Key Responsibilities

- 1. To work effectively as part of a specialist multi-disciplinary team, demonstrating excellent joint working and communication, to achieve patient-centred goals and ensure optimal management and rehabilitation of patients with complex physical, cognitive and communicative needs.
- 2. To assess and treat a specific caseload of patients with complex needs, prioritising effectively to reduce risk and manage the patient's disability or rehabilitation needs
- 3. To assess and treat the patient's personal and domestic daily living functional activity level to maximise independence where possible
- 4. To participate in MDT assessment and provision or a 24 hour postural management programme, including assessment and provision of splints, participation in assessment of seating and bed positioning
- 5. Attend key meetings (ICB reviews, safeguarding, best interest meetings).
- 6. Provide support and supervision to the band 5 OT/ OTA in their designated areas, and be responsible for task allocation to them
- 7. To advise on, recommend and make provision for the installation of appropriate aids and adaptations where appropriate
- 8. To carry out community visits and complete timely reports on these, as part of rehabilitation, leisure, or discharge planning
- 9. To attend all relevant meetings, and complete all necessary documentation and outcome measures involved in a patients' admission, according to HCPC and RCOT standards, in order to facilitate optimal communication and patient management, and to meet Service requirements
- 10. To ensure excellent communication with patients and relatives, and within the team, including undertaking a key worker role as required.

## Person specification:

## <u>Essential</u>

- Diploma/Degree/Masters in Occupational Therapy recognised by RCOT & HCPC.
- Member of Royal College of Occupational Therapists.
- Minimum of 6 months working in the field of neuro-disability.
- An interest in the clinical management of severe neuro-disability.
- Demonstrates a proficient understanding of the role and need of evidence based practice
- Ability to prescribe and grade a detailed treatment plan.
- Able to demonstrate flexibility, able to respond to rapidly changing requirements and implement and initiate new ideas.
- A working knowledge of physical assessment of complex neuro presentations.
- A good understanding of long term neurological conditions.
- Ability to prioritise and manage a large caseload.

#### **Desirable**

• An interest in postural management and splinting.

## RHN is proud to be a diverse and inclusive employer that respects and values the differences of our people to achieve their full potential.

#### Candidates applying for a role at the Royal Hospital for Neuro Disability are strongly encouraged to be vaccinated against Covid-19 and Influenza.
